## **OVERALL REVIEW OF COMPANY:**

# **OPPORTUNITIES, THREAT, RISKS AND CONCERNS:**

The Indian pharmaceutical industry is growing consistently and is expected to do so also in future. Quality of products will improve, as is evident from the recent publication of the new Indian Pharmacopeias and the activities of the Drugs Controller of India against "irrational combinations" and "counterfeits". We wish that these initiatives, which will lead to a safer healthcare environment for patients, will be followed up in a transparent and rational way.

For the pharmaceutical industry in India the National Pharmaceuticals Policy still represents a major threat. We regard price monitoring as a better option, balancing affordability and investments into continuous improvements of product quality. Another major concern relates to the recent developments in the post product-patent regime. Unfortunately, for India the patent regime needs to be challenged looking at the limited amounts of patents granted and patents being opposed.

#### "Annexure – B" to The Auditor's Report

(Referred to in paragraph 2(f) of our Report of even date on the Statement of Accounts of **TOHEAL PHARMACHEM LTD** for the year ended on 31<sup>st</sup> March, 2017)

# Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of TOHEAL PHARMACHEM LTD ("the Company") as of 31<sup>st</sup> March, 2017 in conjunction with our audit of financial statements of the company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls:

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditors' Responsibility:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion:**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# 21. Significant Accounting Policies to Standalone Financial Statements

# a) **Basis of Preparation of Financial Statements:**

These financial statements have been prepared to comply with the generally accepted accounting principles in India (Indian GAAP), including the Accounting standards notified under the relevant provisions of the Companies Act, 2013. The company has prepared these financial statements to company in all material respects with the Accounting standards, notified under Section 133 of the Companies Act, 2013 ("the Act") read together with paragraph 7 of the Companies (Accounts) Rules 2014 to reflect the financial position and the results of operations of Toheal Pharmachem Limited.

The financial statements are prepared on accrual basis under the historical cost convention. The financial statements are presented in Indian rupees rounded off to the nearest rupees.

The central government in consultation with National Advisory Committee on Accounting standards has amended Companies (Accounting Standard) Rules, 2016 ('principal rules'), vide notification issued by Ministry of Corporate Affairs dated and effective March 30, 2017. The Company believes that the Rule 3(2) of the principal rules has not been withdrawn or replaced and accordingly, the Companies (Accounting Standard) Rules, 2016 will apply for the accounting periods commencing on or after March 30, 2016. Hence the company has not applied the Companies (Accounting Standards) Rules, 2016 in preparation of financial results for the year ended March 31, 2016.

## b) <u>Use of Estimates:</u>

The preparation of financial statements in conformity with Indian GAAP required judgments, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized.

## c) **Fixed Assets:**

#### Tangible Assets:

The fixed assets are stated at cost less accumulated depreciation and impairment, if any. Cost comprises of all expenses incurred in bringing the assets to its present location, including installation and commissioning expenses. The indirect expenditure incurred during the pre-commencement period is allocated proportionately over the cost of the relevant assets.

Capital Work in progress comprises of advances paid to acquire fixed assets and cost of fixed assets that are not yet ready for their intended use as at the Balance Sheet date.

#### **Intangible Assets:**

The Company assesses at each balance sheet whether there is any indication that assets may be impaired. If any such indications exist, the Company estimates the recoverable amount of the assets or the cash-generating unit and if the same is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the assets are reflected at the recoverable amount.

#### d) <u>Depreciation, Amortization and Depletion:</u>

Depreciation on tangible fixed assets is provided using the Straight Line Method based on the useful life of the assets as estimated by the management and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013. In case of additions or deletions during the year, depreciation is computed from the month in which such assets are put to use and up to previous month of sale or disposal, as the case may be.

#### e) Investments:

Current investments are carried at lower of cost and quoted / fair value, computed category wise. Noncurrent investments are stated at cost. Provision for diminution in the value of noncurrent investments is made only if such a decline is other than temporary.

#### f) Foreign Currency transactions:

The Company does not have any Foreign Currency transactions during the year under review.

#### g) <u>Current assets:</u>

#### Inventories:

Items of inventories are measured at cost of Purchase. Cost of inventories comprises of cost of purchase and other costs including overheads incurred in bringing them to their respective present location and condition.

#### Sundry debtors:

Sundry debtors are stated at realizable value. Other loans and advances are stated at realizable value.

#### h) **Prior period and non-recurring items:**

Prior period and non-recurring and extra ordinary items are disclosed separately, if material.

#### i) Income Taxes:

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates. Deferred income tax reflect the current period timing difference between taxable income and accounting income for the period and reversal of timing differences of earlier year / period. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future income will be available except that deferred tax assets, in case there are unabsorbed depreciation or losses, are recognized if there is virtual certainty that sufficient future taxable income will be available to realize the same.

Deferred tax assets and liabilities are measured using the tax rates and tax law that have been enacted or substantively enacted by the Balance Sheet date.

#### j) **Provisions, Contingent liabilities and contingent assets:**

Provision is recognized in the accounts when there is a present obligation as a result of part event(s) and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognized nor disclosed in the financial statements.

## k) **<u>Revenue Recognition:</u>**

Revenue is recognized only when risks and rewards incidental to ownership are transferred to the customer, it can be reliably measured and it is reasonable to expect ultimate collection. Revenue from operations includes sale of goods, services, service tax, excise duty and sales during trial run period, adjusted for discounts (net), and gain / loss on corresponding hedge contracts.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

## Excise duty / Service tax:

Excise duty / service tax is accounted on the basis of both, payments made in respect of goods cleared / services provided and provisions made for goods lying in bonded warehouses.

#### 1) <u>Employees Benefits:</u>

Company's contribution to provident fund are charged to profit & loss account. Gratuity provision is made on the basis of actuarial valuation and leave encashment expenses are accounted for on payment basis.

#### m) <u>Impairment of Asset :</u>

At each balance sheet date the carrying amount of the asset is tested for impairment. If there is an indication of impairment, the company estimates the recoverable amount of assets. If such recoverable amount of the asset or the recoverable amount of cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is tested as an impairment loss and is recognized in the profit and loss account. If at the balance sheet date there is an indication that the previously assessed impairment loss no longer exists, the recoverable amount is reflected at the recoverable amount.

#### n) <u>Borrowing cost:</u>

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the profit and loss statement in the period in which they are incurred.

#### o) Earnings per Share (EPS):

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus elements in right issue to existing shareholders, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

## p) <u>Segment reporting:</u>

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the consolidated financial statements of the company.

## q) <u>Cash and cash equivalents:</u>

Cash and cash equivalents for the purpose of cash flow statement comprise cash at bank and in hand and short term investments with an original maturity of three months or less.

# 21. Significant Accounting Policies to Consolidated Financial Statements

# a) <u>Reporting of Consolidated Financial Statements:</u>

It is to be noted that the company has allotted 64,22,400 equity shares having face value of Rs. 10/- each to shareholders of Sakshi Barter Private Limited on preferential basis for consideration other than cash on 23/03/2016. However, listing and trading approval for the same from BSE Limited as on 16<sup>th</sup> April, 2016. Hence, the Company has presented consolidated financial statement with this report for the year under review.

# **Basis of Consolidation and Significant Accounting Policies**

(i) Basis of consolidation: The consolidated financial statements relate to Toheal Pharmachem Limited (the Company), its subsidiary companies, joint ventures and associates. The Company and its subsidiaries constitute the Group.

(ii) Principles of consolidation: The consolidated financial statements have been prepared on the following basis:

i. The financial statements of the subsidiary companies / joint ventures / associates used in the consolidation are drawn up to the same reporting date as of the Company i.e. year ended March 31, 2017.

ii. The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. The intra-group balances and intra-group transactions and unrealized profits have been fully eliminated.

iii. The consolidated financial statements include the share of profit / loss of the associate companies which has been accounted as per the 'Equity method', and accordingly, the share of profit / loss of each of the associate companies (the loss being restricted to the cost of investment) has been added to / deducted from the cost of investments. An associate is an enterprise in which the investor has significant influence and which is neither a subsidiary nor a joint venture of the investor.

iv. The financial statements of the joint venture companies have been combined by using proportionate consolidation method and accordingly, venture's share of each of the assets, liabilities, income and expenses of jointly controlled entity is reported as separate line items in the Consolidated Financial Statements.

v. The excess of cost to the Company of its investments in the subsidiary companies / joint ventures over its share of equity of the subsidiary companies / joint ventures, at the dates on which the investments in the subsidiary companies / joint ventures are made, is recognized as 'Goodwill' being an asset in the consolidated financial statements. Alternatively, where the share of equity in the subsidiary companies / joint ventures as on the date of investment is in excess of cost of investment of the Company, it is recognized as 'Capital Reserve' and shown under the head 'Reserves and Surplus', in the consolidated financial statements.

vi. Minority interest in the net assets of consolidated subsidiaries consists of the amount of equity attributable to the minority shareholders at the dates on which investments are made by the Company in the subsidiary companies and further movements in their share in the equity, subsequent to the dates of investments as stated above.

# Following are the companies which are considered for the consolidation:

- i. Sakshi Barter Private Limited (100% Subsidiary)
- ii. Prayag Capitals India Limited (Associate Concern)

# b) **Basis of Preparation of Financial Statements:**

These financial statements have been prepared to comply with the generally accepted accounting principles in India (Indian GAAP), including the Accounting standards notified under the relevant provisions of the Companies Act, 2013. The company has prepared these financial statements to company in all material respects with the Accounting standards, notified under Section 133 of the Companies Act, 2013 ("the Act") read together with paragraph 7 of the Companies (Accounts) Rules 2014 to reflect the financial position and the results of operations of Toheal Pharmachem Limited.

The financial statements are prepared on accrual basis under the historical cost convention. The financial statements are presented in Indian rupees rounded off to the nearest rupees.

The central government in consultation with National Advisory Committee on Accounting standards has amended Companies (Accounting Standard) Rules, 2016 ('principal rules'), vide notification issued by Ministry of Corporate Affairs dated and effective March 30, 2017. The Company believes that the Rule 3(2) of the principal rules has not been withdrawn or replaced and accordingly, the Companies (Accounting Standard) Rules, 2016 will apply for the accounting periods commencing on or after March 30, 2016. Hence the company has not applied the Companies (Accounting Standards) Rules, 2016 in preparation of financial results for the year ended March 31, 2016.

# c) <u>Use of Estimates:</u>

The preparation of financial statements in conformity with Indian GAAP required judgments, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized.

# d) Fixed Assets:

# Tangible Assets:

The fixed assets are stated at cost less accumulated depreciation and impairment, if any. Cost comprises of all expenses incurred in bringing the assets to its present location, including installation and commissioning expenses. The indirect expenditure incurred during the pre-commencement period is allocated proportionately over the cost of the relevant assets.

Capital Work in progress comprises of advances paid to acquire fixed assets and cost of fixed assets that are not yet ready for their intended use as at the Balance Sheet date.

# Intangible Assets:

The Company assesses at each balance sheet whether there is any indication that assets may be impaired. If any such indications exist, the Company estimates the recoverable amount of the assets or the cash-generating unit and if the same is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the assets are reflected at the recoverable amount.

# e) **Depreciation, Amortization and Depletion**:

Depreciation on tangible fixed assets is provided using the Straight Line Method based on the useful life of the assets as estimated by the management and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013. In case of additions or deletions during the year, depreciation is computed from the month in which such assets are put to use and up to previous month of sale or disposal, as the case may be.

#### f) Investments:

Current investments are carried at lower of cost and quoted / fair value, computed category wise. Noncurrent investments are stated at cost. Provision for diminution in the value of noncurrent investments is made only if such a decline is other than temporary.

#### g) Foreign Currency transactions:

The Company does not have any Foreign Currency transactions during the year under review.

# h) **Current assets:**

#### Inventories:

Items of inventories are measured at cost of Purchase. Cost of inventories comprises of cost of purchase and other costs including overheads incurred in bringing them to their respective present location and condition.

#### Sundry debtors:

Sundry debtors are stated at realizable value. Other loans and advances are stated at realizable value.

# i) **<u>Prior period and non-recurring items:</u>**

Prior period and non-recurring and extra ordinary items are disclosed separately, if material.

# j) Income Taxes:

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates. Deferred income tax reflect the current period timing difference between taxable income and accounting income for the period and reversal of timing differences of earlier year / period. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future income will be available except that deferred tax assets, in case there are unabsorbed depreciation or losses, are recognized if there is virtual certainty that sufficient future taxable income will be available to realize the same.

Deferred tax assets and liabilities are measured using the tax rates and tax law that have been enacted or substantively enacted by the Balance Sheet date.

# k) **<u>Provisions, Contingent liabilities and contingent assets:</u>**

Provision is recognized in the accounts when there is a present obligation as a result of part event(s) and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognized nor disclosed in the financial statements.

# 1) <u>Revenue Recognition:</u>

Revenue is recognized only when risks and rewards incidental to ownership are transferred to the customer, it can be reliably measured and it is reasonable to expect ultimate collection. Revenue from operations includes sale of goods, services, service tax, excise duty and sales during trial run period, adjusted for discounts (net), and gain / loss on corresponding hedge contracts.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

Excise duty / Service tax:

Excise duty / service tax is accounted on the basis of both, payments made in respect of goods cleared / services provided and provisions made for goods lying in bonded warehouses.

# m) Employees Benefits:

Company's contribution to provident fund are charged to profit & loss account. Gratuity provision is made on the basis of actuarial valuation and leave encashment expenses are accounted for on payment basis.

## n) <u>Impairment of Asset :</u>

At each balance sheet date the carrying amount of the asset is tested for impairment. If there is an indication of impairment, the company estimates the recoverable amount of assets. If such recoverable amount of the asset or the recoverable amount of cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is tested as an impairment loss and is recognized in the profit and loss account. If at the balance sheet date there is an indication that the previously assessed impairment loss no longer exists, the recoverable amount is reflected at the recoverable amount.

### o) Borrowing cost:

Borrowing costs include exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the profit and loss statement in the period in which they are incurred.

# p) Earnings per Share (EPS):

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus elements in right issue to existing shareholders, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

# q) <u>Segment reporting:</u>

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the consolidated financial statements of the company.

# r) <u>Cash and cash equivalents:</u>

Cash and cash equivalents for the purpose of cash flow statement comprise cash at bank and in hand and short term investments with an original maturity of three months or less.
